

It's amazing what you find down the back of a sofa! Honeyslug announce (in rhyme) the release of their new Flash game "Kahoots".

The time has come for you to play:
Honeyslug's "Kahoots"!
Check it out online today -
They're marching in their boots!

Made from lots of things we found -
Like buttons, beads and treats.
Or things we purchased for a pound -
Like clay and card and sweets.

Kahoots are friendly sofa dwellers,
Who walk twixt To and Fro.
Help them thwart the Cardborg fellas -
Swap blocks to make them go.

Exit doors, they're just the thing -
To send them on their way!
Just listen to the Pegbeast sing -
He'll teach you how to play.

A brand new game for everyone!
Solve puzzles, make safe routes.
50 levels of mind bending fun -
Click here - Save the Kahoots!

About Kahoots: Kahoots is a 50 level puzzle game where you use your mouse to swap the tiles which form the floor of the levels to help your Kahoot to avoid the obstacles and get to the exit. Kahoots uses MochiCoins which allows you to unlock the fully featured 50 levels of Kahoots.

About Honeyslug: Formed in 2008 by Ricky Haggett, Nat Marco and Mark Inman, Honeyslug are a small North London developer who make interesting, original games across a number of platforms. For more info about us and what we do, go to www.honeyslug.com
